## Hearing Aid Service

### Emma McAuley, Audiologist

*"Hi! I'm Emma and I'm the audiologist based in Cabra and Dundalk.*

*I have a hearing loss too (since childhood) and wear hearing aids so I understand well what someone with a hearing loss might be experiencing. I started working in Chime in December 1997 and qualified as an audiologist in 2005. Every person's hearing loss is unique to them and I really enjoy seeing people come out of their shells as they find new ways to adapt and make the most of their residual hearing. I look forward to meeting with you soon where we'll be able to work together to make the most of your hearing."*

### John O'Brien, Audiologist

*"Hi, I'm John and I've been an audiologist with Chime since 2019. I am based in our Limerick and Killarney offices. I earned an MSc in Audiology in 2016, completing a thesis on 'Tinnitus and Noise Induced Hearing Loss'. I also have a BSc in Psychology and am passionate about aural rehabilitation and my client's hearing journey. At Chime I specialise in both adult and paediatric audiology."*
